## **BAKER CHARTER SCHOOLS**

March 3, 2020

Dear BCS Families and Staff,

We are writing to our families again and continue to monitor the COVID-19 (novel coronavirus) and flu season. With several cases in the Northwest, we are elevating our level of precaution and have carefully developed plans should the situation worsen. Please read this letter and make the necessary adjustments.

Both Oregon and Washington have confirmed cases and others being monitored for the coronavirus.

Please follow the guidance coming from the Centers for Disease Control (CDC), the Oregon Health Authority (OHA), your local health professionals, and similar agencies in regions you may be traveling to. [Click here for more information about COVID-19 from the CDC.](#) The Oregon Department of Education has also created a [help sheet](#) that is useful. Baker Charter Schools will continue to receive updates and follow the guidance from these organizations.

The current recommendations of the CDC and OHA are as follows:

- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose, and mouth.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.
- Wash your hands often with soap and water for 20 seconds. If soap and water are not readily available, use an alcohol-based hand sanitizer that contains at least 60% alcohol.
- Take care of your health overall. Staying current on your vaccinations, including flu vaccine, eating well and exercising all help your body stay resilient.
- Facemasks are not recommended for healthy people. People who show symptoms of the COVID-19 should wear a facemask or health care professionals.

**As of the writing of this letter, BCS is currently at Stage 1 in Central Oregon, Eugene, Salem, Southern Oregon and Stage 2 in Beaverton, Lake Oswego, and Umatilla where confirmed cases have occurred.**

**BCS Stage One - This stage would be initiated if/when the Coronavirus mutates to person-to-person transmission and arrives on the West Coast of the US.**

- If students, parents, or siblings are ill stay home and switch to online meetings
- If local school districts, community colleges, or other places for scheduled meetings are closed due to coronavirus the event will meet online if possible, or be canceled.
- Janitorial changes to cleaning duties to emphasize classroom disinfecting

## **BAKER CHARTER SCHOOLS**

- Surfaces or objects (such as desktops, computers, mats, etc) commonly touched by students or other surfaces should be cleaned at least daily. Surfaces or objects soiled with blood or other body fluids should be cleaned and disinfected using gloves and any other precautions needed to avoid coming into contact with the fluid. Remove the spill, then clean and disinfect the surface.

### **BCS Stage Two – This stage would be initiated when a case appears in an area served by BCS staff**

- Continue with employees/families staying home if ill and conduct online visits
- Cancel all large gatherings
- Cancel travel to impacted areas- if a school district, community college, or other meeting area is closed we will close our student centers, and meet online. An impacted area is when a school that is in close proximity to a student center is closed for COVID-19 contamination and cleaning. We will only re-open a center after a thorough cleaning following OHA and CDC guidelines.
- Go to fully virtual operations in impacted areas.

### **BCS Stage Three- This stage would be initiated when either the County Health Department instructs the schools to close or an event occurs involving a student, staff member or a relative of close proximal distance.**

- All school business in impacted areas is conducted virtually
- Student centers closed in impacted areas
- Staff are required to say- 'no comment' for media responses
- If a student has a confirmed case of COVID-19, will not use personally identifiable information to inform the school community of potential exposure to ensure we do not breach confidentiality or create stigma or discrimination.
- BCS will work with the local public health department to respond appropriately.
- Employees who appear to have acute respiratory illness symptoms upon arrival to work or become sick during the day should be separated from other employees and be sent home immediately.
- Emphasize staying home when sick, respiratory etiquette and hand hygiene by all employees.
- Employees who are well but who have a sick family member at home with COVID-19 should notify their supervisor and refer to CDC guidance for how to conduct a risk assessment of their potential exposure and contact their local public health department.
- If an employee is confirmed to have COVID-19 infection, employers should inform fellow employees of their possible exposure to COVID-19 in the workplace but maintain confidentiality as required by the Americans with Disabilities Act (ADA). Employees exposed to a co-worker with confirmed COVID-19 infection should refer to CDC guidance for how to conduct a risk assessment and contact their local public health department.

### **Recovery Stage – This stage begins**

- Follow guidance from the Oregon Health Authority and Centers for Disease Control guidance on returning to normal activity
- Student centers are opened up in areas that are cleared
- Regular hand washing, cleaning, and general conditions return

## **BAKER CHARTER SCHOOLS**

- Visits that were canceled are resumed
- Travel approved to areas that are cleared

Currently, we are monitoring the developing situation and adjusting our response levels based on confirmed cases and OHA/CDC guidance. We are requiring students, parents, or staff members who are experiencing any flu-like symptoms to stay home and not report to student centers for activities, field trips, or other face to face events. Staff who have planned travel to affected areas will cancel their trips and meet online. Students or staff who report to locations with flu-like symptoms will be asked to go home and rest.

Thank you for your cooperation during this time! We are wishing safety and health to our families and staff during this time.

Sincerely, Daniel Huld, Ed. D.- Superintendent
